For: CIRCUIT BOARD SINGULATION METHODS (As Amended)**Remarks**

The Office Action mailed June 24, 2004 has been received and reviewed. No claims have been amended, cancelled, or added. Therefore, the pending claims are claims 63-68. Reconsideration and withdrawal of the rejections are respectfully requested in view of the amendments and remarks provided herein.

Priority, The Title, and The Abstract

Various amendments to the specification, title and abstract have been made to address the informality issues raised by the Examiner. As such, the objections made by the Examiner are overcome.

Double Patenting Rejection

Claims 63-68 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-16 of U.S. Patent No. 6,047,470. Submitted herewith is a Terminal Disclaimer which, Applicants submit, is in compliance with 37 CFR 1.321(c) and thereby obviates the Examiner's double patenting rejection of pending claims 63-68.
